

# Ethical Will Worksheet

## Getting Started

An Ethical Will is a personal document that you create in order to communicate your values, experiences, and life lessons to your family. It's a place where you get the chance to let your family, friends and anyone else in this world know who you are and how you feel about them.

## Why Write an Ethical Will?

By writing an Ethical Will to share with your family, you will be leaving something meaningful behind, so they—and future generations—can learn from you and remember your stories after you are gone. What memories and experiences would you like to share with your family? What lessons have you learned that you would like to impart?

## What to Do Once You've Written Your Ethical Will

Your Everplan contains a section called "Letters to Family and Friends" where you can write or upload a "Letter To Everyone" as well as individual personalized letters to specific people.
